### Product Details

Salon Pro Super Hair Bonding Remover is a safe product designed to loosen and remove hair bond quickly and easily with the first application.

### Product Information

Salon Pro Super Hair Bonding Remover is a safe product designed to loosen and remove hair bond quickly and easily with the first application.

### Directions:

Lift up the bonded weft hair and apply Super Hair Bonding Remover onto the bond with a Q-tip and wait for the bond to completely loosen. Once bond has loosened completely, gently remove the bonded weft from each section. (DO NOT PULL). Remove any remaining hair bond with a fine tooth comb. Using Salon Pro Remover Shampoo gently cleanses the scalp and hair while loosening any excess glue residue.

### Special Instructions

This product is flammable and may have shipping restrictions!
